Timeware Primetime Solution
Release Notes

Version 6.9.3.02

Scheduled Release Date: 09/30/2009

The Timeware Primetime release notes document describes changes made to the system since the last official release of the product. The release notes are organized under 4 sections: User Reported Issues, Additions & Enhancements, Reporting Issues and Reporting Update.

Should you have any comments or feedback regarding the content of this document or should you have any suggestions for us to improve the content or delivery method of this document please let us know. We thank all our clients for their continued support and participation.

User Reported Issues:

- When setting up a work calendar, if the Set All Weekdays option is used, the calendar daily standard hours are not saved. This issue has been solved in this release.

Additions & Enhancements

- When using the Work Calendar *Set All Weekdays* menu option the system selects all weekdays. This function has been enhanced so that when used any days that are marked as Nonstandard or Holiday are ignored.
- Added to the calendar hours profile setup a menu option for overriding the daily standard hours.
- Enhanced the Employee Assigned Policy section to clearly show the employee assigned policies that apply recursively up the chain from the employee to the employee group to the employee group business unit.
- Added “Extra Duty” as a job type.
- Added sort menu to all assignments Available Members tree.
- When assigning employee to a job, if the job shifts are assigned to a certain employee the user is asked if he/she wants to replace shift assigned employee with the new job assignee.

Reporting issues

- None.

Reporting Update:

- Added to Attendance reporting: Time Charge Approval Audit report.
- Added to Attendance reporting: Time Charge Approval Audit Summary report.
